

HISTORY, SCIENCE AND CULTURE OF INFECTIOUS DISEASES

16:00–17:00

Wednesday 25 January 2023

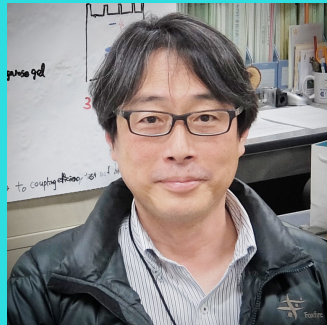

S202

Professor Kazuo Harada

Tokyo Gakugei University

Dr Joris Pauty

Shiseido, Global Innovation Center

**How is a virus different from bacteria?
What is PCR? And messenger RNA vaccine?**

**Two molecular biologists discuss biological
features of viral infection, tests and vaccines,
and collective memories of epidemics
found in Japanese literature.**
